Poona No.1, 23 January 1948.

No.G-108-199

To

The Secretary to Government,
Public Works Department, Bombay.

-- Construction of Ghataprabha Left Bank Canal miles 1 to 44: Opening of a division for construction of the ---

Reference: This office No.GH.L.B./54 dated the 12th - January 1948.

2. I have already submitted a letter justifying that the construction of Ghataprabha Left Bank Canal should be taken up in hand immediately and that one division should be opened immediately for this work.

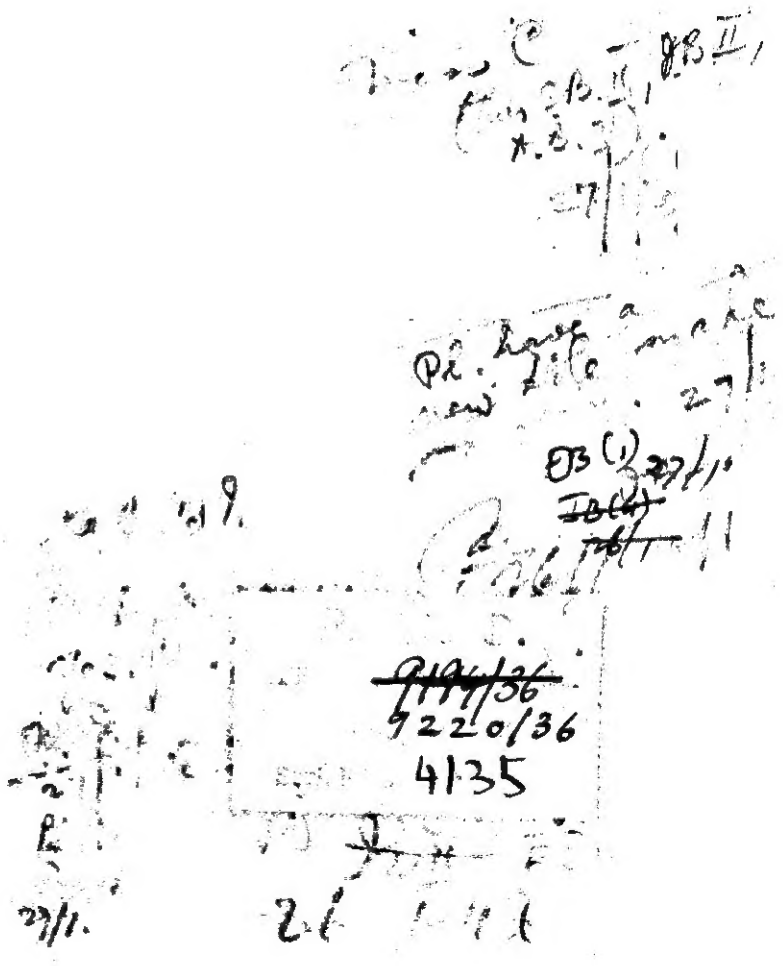
3. I attach herewith statement showing posts required and cost involved for establishment etc..The estimate provides for one division under an Executive Engineer and three sub-Divisions for March onwards for three years.

4. I now request you to obtain Government sanction to open a division to be called "Ghataprabha Left Bank Canal Division" with head quarter at Dhupdhal.

D.A.:- As referred to above.

Superintending Engineer,
Special Investigation Circle.

V.23.1.



~~9194/36~~
9220/36
4135

Originals in I. B. (II)
file No. 9/94/35

Preparation Necessary.- One Division viz.Ghataprabha Left Bank Canal Division should be sanctioned immediately for a period of 3 years in the first instance with 3 Sub-Divisions. The divisional headquarters should be Dhupdal, which will also be the headquarters of one Sub-division. Proposals for headquarters of the other two Sub-divisions will be made separately.

An Executive charge for constructing Ghataprabha Left Bank Canalshould be sanctioned immediately.

Item rate tenders for groups of works for 10 miles each of the main canal should be called immediately and those for (a) the North Branch and (b) the Jamkhandi Branch should follow in due course. This will allow work of Rs. 1 lakh to be completed this year and the full expenditure of 1 crore next year.

Any delay in opening a Division for the construction of Ghataprabha Left Bank Canal will be a mistake. Actually starting it immediately will help the work of Daddi and make progress easy, as it will form a pioneer work for the full Daddi project and other works dependent on the same. This work,as explained above, need not wait till the full plans and estimates of Daddi project are ready and approved administratively by Government.

J.R.
16-2-48.

P.W.Deptt.

E.B.(I).

The Special Investigation Circle ~~has been~~ was opened in G.R.No. 3974/36, dated the 19-12-47, with the Irrigation Projects Dn. (South), which ~~has been~~ was transferred from the late Project Circle. In the latter part of para.1 of the G.R. the jurisdiction of the Circle has been stated. It is also laid down that the S.E. should deal among others with the investigation of the Daddi, Asoga, Krishna and Bhima River Irrigation and Water Supply Projects. Additional Dns. will be opened, ~~up~~ as and when required for carrying out such of the above projects as may be finally be taken up.

2. The S.E.,S.I.C. now requests that a Division called the Ghataprabha Left Bank Canal Dn. may be opened for a period of three years in the first instance with three sub-dns. for the reasons stated by him in para.3 of the extract of ~~the S.E's~~ his letter. The S.E. requests that the Head Qrs. of the Dn. may be at Dhupdal which will also be the Hd.Qrs. of ~~the~~ sub-dn. Proposals for H.Qrs. of the other two sub-dns. will be made separately.

3. The estabt. required by the S.E. for the Dn. and three sub-dns. is as shown in his statement.

4. It is for orders whether the S.E's request to open the Ghataprabha Left Bank Canal Dn. with three sub-dns for a period of three years in the first instance, together with the estabt. mentioned in his statement, may be granted in u.o.consultation with the F.D.

BKR

G.A.C.
23.2.48.

Thro. E.B.(II), A.B.(II) and I.B.(II).

5. The cost of the establt of the proposed Dn. and the Sub-Dns may be debited to the head '50 - C.P. - P.W.P. - D.P.' The F.D. may however be requested to advise on the point.

6. As the annual average cost of the (P + R) proposal is more than ~~five lakhs~~ Rs. 5000, in ordinary course it is necy. to

put up the proposal as a new item of expdr. in order to obtain the dftis sanction to the expdr. The Sr and the Sub Srs may however be sanctioned in anticipation of the dftis approval which may be obtained by means of a supplementary demand.

4-3-48

I.B.(II)

7. Remarks of the Dir. of Agrs. and the Commr. S.D. have been called for U.O. on the proposal to construct miles Nos. 1-44 of the Ghataprabha Left Bank Canal as a 'Grow More Food Campaign' scheme in advance of the Daddi Dam Project and are awaited. They are being expedited in the matter separately.

4/3/48

5

In order not to waste any time in undertaking construction work, once the Project is sanctioned by Govt, it is essential that sanction to the creation of a Division, with 3 Sub-Divs & the usual establishment be accorded very early. As in the case of the Krishnaraja Sagar Div., the sanction can be made operative only after specific orders of Govt to start construction work are issued.

5/3/48

It is necessary to sanction the opening of the Division for the reasons stated in A above. The actual Division will be opened after Govt. have given administrative approval to the Project.

US (P&R)

2. From portion 'B' in D.S., P.W.D.'s dated 5-3-48, p.12 it will be seen that the creation of one Division p.5 with 3 sub-divisions is to be sanctioned after specific orders of Government to start the construction work are issued. As the extra cost involved in the proposal is considerable and is of a recurring nature, it will be necessary to anticipate ~~be~~ L.A.'s approval before authorising the expenditure. The P.W.D. may therefore be requested to submit the papers to H.M. F.D. before issue of orders, and to send a supplementary demand to this department ~~next year~~, for being presented to the L.A. during August -September 1948 session.

3. As regards para. 5 of the P.W.D. p.11 office note dated 4-3-48, attention is invited to para. 245 of the Budget Memorandum for 1947-48. In view of the procedure mentioned in the Budget Memorandum, this department may agree with the P.W.D. proposal to debit the expdre. in question to the head "50-C.W.- P.W.R.".

22-3-48

Sanction to the opening of the Division may be accorded on the understanding that it is

US (F&R) - 1

S. B. (II) 7.6.5148.

Office of the Superintending Engineer,
Special Investigation Circle.
C/v, Dharwar, 3rd May 1948.

No. G-108.

To

The Secretary to Government,
Public Works Department,
Bombay.

Subject: Ghataprabha Left Bank Canal Division:
Opening of ----

Ref. 19-20

Reference: Government Resolution Public Works Department, No.9220/6 dated the 14th April, 1948.

2. Sub-para 2 of para 1 of the Government Resolution says that

" The Division and sub-divisions should not be opened until the commencement of work is ordered by Government."

I think the opening of the Division and Sub-divisions should not be delayed till work is actually started. For, a very large amount of preliminary work (noted below) will have to be done before work starts actually.

a) Marking land to be acquired. Preparing land plans and sending them to Revenue Department. Obtaining consent of ~~mmmmm~~ owners by direct negotiations wherever possible

b) Taking cross sections for work at every 100' (or nearer where necessary) to allow working plans for earth work to be prepared. Taking a few more trial pits to ensure that quantities of different items of work are correct.
To obtain ~~ss~~ consents of owners for taking borrow pits in their lands and fixing conditions and compensation etc.

c) To draw out plans and estimates for smaller culverts drains, outlets etc. where detailed plan and estimates were not prepared.

d) To prepare lists of and to obtain stores and tools, office furniture and to collect forms stationery etc. To go through lists of tools and plant etc. being released by the Army & make selection.

e) To prepare plans and estimates for temporary quarters for establishment etc. and making water supply arrangements.

f) To call for applications for staff and to invite suitable piecework ~~s~~ contractors etc. and to explain to them nature and quantity of work.

3. All these preliminaries will take a long time and if not taken in hand immediately. we will lose several months of valuable time.

4. I therefore request that the Executive Engineer, and two Sub-Divisional officers may please be appointed immediately and asked to take up these preliminaries in hand. This will allow works to be started as soon a s Government allow construction work

to be taken up in hand. The preliminaries will take at least three months and I do not think Government want to lose this period after sanctioning works.

Superintending Engineer,
Special Investigation Circle.-

P. W. D.

E.B.(I).

Submitted with ref. to G.R. No.9220/36, dated the 14-4-48.

2. In the circumstances stated by the S.E.,S.I.C., in his letter within, it is for consideration whether the Ghataprabha Left Bank Canal Dn., with the Sub-Dns., should now be opened, in spite of the orders at 'A' of the G.R. refd.to above.

3. In case it is decided to open the Dn. immediately, the accompanying draft Notification and endt., which are according to the orders passed by Govt., separately, are put up for approval. After approval, the pps. will be sent to the P & S.D. for issuing the notification in due course.

Thro' I.B.(II) & D.E.(I).

20-5-48.

The plans and estimates are being scrutinised and notes will be put up before the weekend. From the review of the plans & estimates received it is seen that a great amount of preliminary work will be necessary before actual work can start. In the circumstances the review expressed by the S.E. S.I.C. appears in order. To bring the project to maturity and to carry out the preliminaries opening of a Division may be considered essential and it may be approved

20/5/48

The very fact that Govt has sanctioned a new Division called Ghataprabha Left Bank

Canal Dn clearly shows that Govt does want to undertake the Project in question. If this is accepted, Govt may now permit opening of the Dn, so that wd definitely hasten preparation of the final project as well as construction work. Building up of a Dn and Dnal staff takes quite an appreciable time and I feel that we shd now appoint an Ex Engr immediately, with a view to start construction in right earnest after the monsoon.

The appointment of Mr Krishnaiengar is already approved by Govt.

DSP 20/5/48

HM has visited the place on 19th inst and as some decision of Govt is minimal on the question, the opng of the Dn may be sanctioned. Accdg to the preliminaries will take some time and it is necessary Khosraw Ex Engineer for that purpose

D.O.No. G-38
Office of the Superintending Engineer,
Special Investigation Circle,
Dharwar, 1st July June 1948.

Dear M. Gurjar

In your recent camp at Dharwar, I suggested the posting of Mr.Gundachar for construction of Ghataprabha Left Bank Canal. He has experience of construction works and should be useful for one of the three Sub-Divisions.

2. For the other two Sub-Divisions of Ghataprabha Left Bank Canal, I suggest the following -

1) Mr.Y.A.Shinde, officiating Deputy Engineer
and 2) Mr.G.B.Bapat, Deputy Engineer.

3. You have in view opening of a new Sub-Division for "Reconnaissance for Irrigation Projects in Karnatak". I had Mr.Deuskar (B.S.E.I) in view for this. If he is not going to be posted, I suggest the name of Mr.P.M.Nadgauda, Deputy Engineer.

Yours sincerely

To

N.P.Gurjar, Esquire, B.E.,I.S.E.,
Secretary to Government,

Submitted together with Srl.No.31608.

2, Srl. No.31608. No action is necessary.

3. Srl. No. 31609.- p.37 The S.E.,S.I.C.,states that Mr. B.Krishnaiengar has been appointed as an Ex.Engr.,Ghataprabha Left Bank Canal Dn.,in accordance with orders issued in Govt. endt. No.9220/36-E(I), p.27 dated the 3rd June 1948. He now requests that at least two Dy.Engrs. may be appointed against the 3 posts of Dy.Engrs. sanctioned in G.R.No 9220/36,dated p.19 the 14th April 1948. No suitable candidates are available at present for being posted to the S.I.C.as Dy.Engrs. and the S.E. will, presumably, have to wait for the selection of Dy.Engrs.recently advertised by the P.S.C. It is for consideration whether he may be informed accordingly. The S.E.also request to transfer a few graduates and D.C.Es. (overseers) to his Circle from the Southern Circle. It may be stated that there is acute shortage of technical personnel in all the Circles and it is very doubtful whether the S.E.,S.C., or, in fact, any other S.E. will be able to spare them. In the circumstances it is for consideration whether he may be informed that his request cannot be granted and that he will have to recruit overseers from the open market or whether he may be informed to consult the S.E.,S.C., in the matter in the first instance.

4. The presumption made in para.4 p.37 of the S.E's letter is correct. The S.E. will, however, be asked to appoint persons as and when necy.

5. The necy.draft will be put up on receipt of orders.

Letter

No. G.R.31(k),
Office of the
Superintending Engineer,
Special Investigation Circle,
Dharwar, 24 July 1948.

To

The Secretary to Government,
Public Works Department,
BOMBAY.

Subject: Conversion of 1st Clerk's post in Sub-Divisional Office in higher grade post.

Reference: Government Resolution, Public Works Department No.9220/36, dated the 14th April 1948. P.19

2. Among the Establishment sanctioned for the new Ghataprabha Left Bank Canals Division, Dhupdal, three posts of Sub-Divisional 1st Clerks for three Sub-Divisions in the grade of Rs.92-8-140 have been sanctioned in the Government Resolution referred to above.

3. ~~Since~~ The new Division with the three Sub-Divisions is to be mainly entrusted with the construction work estimated to cost crores of rupees, of which an amount of Rs.5 lakhs has already been placed at the disposal of the Executive Engineer, Ghataprabha Left Bank Canal Division during the current financial year and which may be increased if circumstances are favourable. The Sub-Divisions at Head Works which will be opened first will have ~~so much~~ heavy accounts and stores transactions, it would be absolutely necessary to post an experienced Senior Accounts Clerks in the grade of Rs.100-8-140-10-150 to work as first Clerks in the head works Sub-Divisions and perhaps in the other sub-divisions later on. It may also be pointed out in this connection that unlike other ordinary Divisions, the Ghataprabha Left Bank Canal Division, will have the responsibility of spending crores of rupees, of which the Sub-Divisions are the primary units and the latter will have to deal with very heavy accounts as compared with the accounts of even heavy Sub-Divisions in the regular Circles; and moreover the Dhupdal Headquarters Sub-Division will in addition have to take up the responsibility of the management of the existing Gokak Left Bank Canal which is a first class Major work irrigating about 14000 acres.

4. I would, therefore, strongly recommend that Government may kindly be moved to convert the 1st Clerks' posts in two of the three Sub-Divisions in the Ghataprabha Left Bank Canal Division in the first instance, from the sanctioned grade of Rs.92-8-140 to the higher grade of Rs.100-8-140-10-150, so as to enable me to post experienced Senior Accounts Clerks to those Sub-Divisions when opened. The extra cost involved on account of this proposal will be negligible, as compared with the advantage gained in the adoption of my proposal.

5. Very early orders of Government in the matter are solicited as the Sub-Divisions are to be started immediately.

P.117
File 7173/36
IV

According to G.R.No.7173/36-IV, dated the 21-5-47, the first clerk's posts in sub-dnl.offices are in the grades of Rs. 70-5-95 or Rs.95-5-115 which have since been revised as Rs. 92-8-140 and Rs. 100-8-140-10-150 respectively. The number of these posts for which the higher scale of Rs. 100-8-140-10-150 is allowed in each Circle has been specified in para.1 of the G.R.quoted above. No such allotment of the higher grade posts of 1st clerks in Sub-divisional offices has been made for the Spl.Investigation Circle, as it was not formed then. The 1st clerks' posts of the three Sub-dns. of the Ghatprabha Left Bank Canal Dn. of the Spl.Investigation Circle have been p 19 sanctioned in the grade of Rs.92-8-140. The S.E.,Special Investigation Circle, requests for the reasons p 45 stated, that the 1st Clerks' posts in two of the three Sub-dns.of the Ghatprabha L.B.Canal Dn., which have been sanctioned in the grade of Rs. 92-8-140, may be converted into ~~higher grade~~ posts in the higher grade of Rs. 100-8-140-10-150. The request seems reasonable and may be granted after u.o.r.to the F.D

9220/36/41081.

E.B.(I). P.W.D.

The S.E., S.I.C. has permitted the Ex.Engr, Ghataprabha Left Bank Canal Dn., to open one of the three new sub-Dns. sanctioned in G.R.NO. 9220/36, dt. the 14-4-48, with effect from the date on which the Gokak Canals and the Dhupdal weir together with the bldgs. are taken charge from the S.E. The S.E. states that the opening of the new Sub-Dns. to look after management and maintenance of the works refd. to above has been imminent.

2. It may be stated that the management of the Gokak Canals and the Dhupdal Weir and the bldgs. has been transferred from the S.C. to the S.I.C. together with the staff employed thereon, vide G.L.No. 8974/36-E(II), dt. the 2-7-48. The S.E., S.I.C. in his letter No. G-108 dt. the 23-7-48, has also asked for transfer of the clerks in the offices of the Ex.Engr., Belgaum Dn. and the Sub-Dnl. officers, who are dealing with the irrn. matters of Gokak Canals and Dhupdal Weir. The proposal is, however, still under consideration vide office note dtd the 11-8-48 page 65 of file No. 8974/36.

3. The new Dn. and the three Sub-Dns. sanctioned under G.R. No. 9220/36, dt. the 14-4-48 are for the construction of Ghataprabha Left Bank Canal.

4. In the circumstances it is for consideration whether the S.E. S.I.C.'s action in opening one of the three Sub-Dns. refd. to in para 3 above for looking after the management and maintenance, etc. of the Gokak Canal, Dhupdal Weir and the Bldgs. may be appd. or whether the S.E. may be asked to see whether this work can be entrusted to one of the existing Sub-Dns. under him.

No.G-43

Office of the Superintending Engr.,
Karnatak Irrigation Circle,
Dharwar, 16th April 1949.

To

The Secretary to Government,
Public Works Department, Bombay.

Subject:- First Clerk's post in Sub-Divisions of the Ghataprabha Left Bank Canal Division. Request for sanction higher grade of pay.

Reference : Government letter No.9220/36-E(II), dated the 11th August 1948.

2. After getting actual experience of the functioning the Sub-Divisions in the Ghataprabha Left Bank Canal Division, it is noticed that out of four Sub-Divisions in the Ghataprabha Left Bank Canal Division, the account work in the Gokak Sub-Division has been very heavy. The Gokak Sub-Division has to deal with the heavy stores transaction and heavy programme of construction of buildings in addition to the management of the Gokak Canal, thus justifying the necessity of converting of first clerk's post in that Sub-Division from the grade of Rs.92-8-140 to that of a Senior Accounts Clerk in the grade of Rs.100-8-140-10-150 immediately.

3. In the other two constructional Sub-Divisions, viz. "Jagnur" and "Hukeri Road", also, the work is increasing and will get heavier day by day as soon as excavation work for canal construction in certain lengths is started in right earnest in the near future. Services of experienced Account Clerks in the grade of Rs.100-8-140-10-150 in these two Sub-Divisions will, therefore, essentially be required in a few months more, to enable the Sub-Divisional Officer to carry on the heavy account work of his office with the help of experienced accounts clerks and to avoid difficulties in compiling and allocating Sub-Divisional accounts. Tenders for Ghataprabha Left Bank Canal are expected to be sanctioned shortly and works are expected to begin.

4. It may also be pointed out in this connection that unlike other ordinary Divisions, the Ghataprabha Left Bank Canal Division will have the responsibility of spending crores of rupees: the Sub-Divisions are the primary units. These will, therefore, have to deal with very heavy accounts as compared with the accounts of heaviest Sub-Divisions in the regular Circles as already reported in this office letter No.G.R.31(k) dated the 24th July 1948. —P. 45—

5. Government may, therefore, please be moved to convert the three posts of first clerks in three construction Sub-Divisions already functioning in the Ghataprabha Left Bank Canal Division from the sanctioned grade of Rs.92-8-140 to the higher grade of Rs.100-8-140-10-150, so that experienced senior clerks may be posted there, in the interest of Government work as early as possible. The extra cost involved for the three Sub-Divisions together in this account is about Rs.288/- per year which is negligible and can be met from the saving on other items of Establishment in the budget estimate.

D.A.Nil

Superintending Engineer,
Karnatak Irrigation Circle.

E. B. (II)

Submitted with refce. to the G.L. and the rules underlying it at pp 47-50 ante.

2. The S.E., K.I.C., requests, for the reasons given, that the three posts of first clerks in the three construction Sub-Dns. of the Ghataprabha L.B.C. Dn. may be converted into higher grade posts in the scale of Rs. 100-8-140-10-150. p 63

3. The proposal may be agreed to so far as the Gokak Sub-Dn. is concerned in the circs. stated in para 2 of the S.E's letter. p 63

4. As regards the other two construction Sub-Dns., it seems from para 3 of the S.E's letter that these Sub-Dns. p 64 have not yet actually become heavy. It is stated that experienced clerks in the higher grade will be required in these Sub-Dns. also in

a few months more. It is, therefore, for consideration whether the proposal in respect of these two Sub. Divs may be agreed to at this stage or whether the S.E. may be ~~requested~~ informed that the proposal cannot be agreed to just at present. The conversion of 1st clerks posts in these Sub. Divs. will be considered by Govt. after the works are ~~to~~ started and the work & responsibilities of the clerks are found to have been actually increased say after a period of six months from the date from which the works are actually started.

The T.D. may see us.

4/6/5/49

No. G-108 Office of the Superintending Engineer.
Karnatak Irrigation Circle,
Via Dharwar, 12 July 1949.

To

The Secretary to Government,
Public Works Department,
Bombay.

Subject: Territorial Changes: Redistribution of work among the Sub-Divisions in the Ghataprabha Left Bank Canal Division.

Reference: Government Resolution, P.W.D., No.9220/36 dated the 14th April 1948.

2. The three Sub-Divisions sanctioned under the Ghataprabha Left Bank Canal Division in accordance with the Government orders quoted above are opened on the dates as noted below:-

Sl. No.	Name of the Sub-Division.	Date of opening.	This office reference No.& date
1.	Gokak Sub-Division	21-7-1948	G-113 of 18-8-1948.
2.	Jagnur Sub-Division	16-10-1948	G-113 of 22-10-1948
3.	Distributory & Designs Sub-Division	31-1-1949	G-108 of 14-2-1949.

3. Subsequently Daddi Headworks & Ghataprabha Left Bank Canal Sub-Division was also transferred from Irrigation Projects Division(South) to Ghataprabha Left Bank Canal Division in accordance with orders contained in Government Letter,P.W.D.,No.9252/36-E(I) dated the 12th October 1948 and one new Mechanical Sub-Division has been sanctioned, vide Government letter,P.W.D.,No.201/48-E(I) dated the 16th June 1949.

4. The construction work of the Canal has already been started in right earnest and to facilitate efficient supervision, it is now proposed to re-distribute the work in that Division among the four Sub-Divisions with jurisdiction as shown below:-

Name of Sub-Dn.	Allotment of work	Headquarters.
1. Gokak Sub-Dn. (to be renamed "A" Sub-Dn.)	Maintenance of the existing Gokak Canal, constructing and remodelling the canal from mile 0 to 6. Construction of Headquarters bldgs.	Dhupdal
2. Daddi Headworks & Ghataprabha Left Bank Canal Sub-Division (to be renamed as "B" Sub-Dn.)	Construction of canal, mile Nos. 7 to 14 including the masonry works and buildings in the Sub-Division.	Dhupdal.

Sl. No.	Name of Sub-Dn.	Allotment of work	Headquarters.
(contd.)			
3.	Jagnur Sub-Division (to be renamed "C" Sub-Division)	Construction of buildings in the Sub-Divn. as also construction of canal miles 17 to 32 and North Branch including the masonry works.	Kankanwadi (from 1-5-1949)
4.	Distributory Surveys & Designs Sub-Division. (to be renamed "D" Sub-Division.)	Construction of buildings in the Sub-Division as also construction of canal in miles 15 and 16 and contour survey of new area under the new canal,& Distry.survey.	Dhupdal
5.	Mechanical Sub-Dn.	Inspection, selection, upkeep, regular servicing, periodical overhauling etc. of the machines and running of the workshop and water-supply and electricity concerns.	Dhupdal.

5. The work of surveying and preparing plans and Estimates of the Ajra and Hadalga Dam sites is being transferred from Daddi Headworks & Ghat.Left Bank Canal Sub-Division (B.Sub-Division) to the Ghataprabha Right Bank Canal Sub-Division in the Irrigation Projects Division (South) as it will be too heavy for the "B" Sub-Division to look after this work and boring work etc. in view of the heavy construction programme in hand in the B-Sub-Division. The Executive Engineer, Ghataprabha Left Bank Canal will also not be in a position to devote adequate attention to project work, busy as he is with construction work.

6. As it does not appear possible to secure ~~ax~~ suitable accommodation for the Malaprabha Sub-Division at Dharwar in the near future, the headquarters of that Sub-Division will be continued at Belgaum only, till the housing situation eases or new buildings are built. The investigation and preparation of the Yemagalli Reservoir Project, which can be looked after more conveniently by the Reconnoissance Irrigation Projects Sub-Division, being nearer to the site of work, is transferred from the Malaprabha Sub-Division, Belgaum, to the Reconnoissance Irrigation Projects Sub-Division, Dharwar.

7. For facility of working, it is not desirable to fix the Headquarters of the Constructional Sub-Divisions permanently at one place. As the work progresses, the headquarters of the Sub-Divisions will be shifted from place to place and the jurisdiction adjusted suitably as is convenient for supervision of the work.

8. A blue-print plan showing the jurisdiction and headquarters of the above four constructional Sub-Divisions is enclosed herewith for perusal and it is requested that the proposals referred to above may kindly be approved.

D.A: 1 blue-print plan.

Subject: Sanctioned Posts:
Transfer of...

Two posts of Typists in the grade of Rs. 92-6-140 have been sanctioned for Ghataprabha Left Bank Canal Division, Dhupdal, in this Circle, in Government Resolution, PWD., No.9220/36, dated the 14th April 1942. But due to increasing pressure of work in this Circle, this office has had under consideration for some time past the question of transferring one of those two posts to Circle office as the two posts of typists sanctioned for this office carry the scale of Rs. 70-3-85-E.B.-4-105-E.B.-4-125. As the question of revision of pay-scales of Typists has been dropped by Government vide Government Letter P.W.D.No.7640/36-A(II), dated the 7th October 1949, it is now considered necessary to transfer one post of typist in the grade of Rs. 92-6-140 from Ghataprabha Left Bank Canal Division to this Circle office in exchange for one in the scale of Rs. 70-3-85-E.B.-4-105-E.B.-4-125. It is presumed effecting such transfer is within the competence of Superintending Engineer, vide Serial No.3 of Appendix XXVII of P.W.D.Manual Vol.II. If this presumption is not correct, Government may please be moved to accord necessary sanction for the transfer of the post from Ghataprabha Left Bank Canal Division to Circle Office and vice-versa.

E.B.(II). P.W.D.

The S.E., Karnatak Irrign. Circle, proposes to transfer one of the posts of a typist in the scale of Rs. 92-8-140 sanctioned for the Ghataprabha Left Bank Canal Dn., to his Circle in exchange for a typist on Rs. 70-3-85-E.B.-4-105-E.B.-4-125. If the arrangement is purely as a tempy. measure and is in the interest of work there seems no objection to accept the proposal.

2. As regards the question whether the S.E. can effect such transfers it may be stated that in accordance with S.No.3 of App. XXVII of the P.W.D. Manual, Vol.II, subject to the same conditions as are laid down in respect of their powers to make appointment on the tempy. estabt. This condition is satisfied in this case. It is, therefore, not clear why the S.E. has refd. this case to Govt. That officer may be requested to elucidate.

3. If, however, the proposal is to be a long term arrangement it will have to be dealt with on merits. The reason for transfering this typist is that there is a heavy pressure of work in the Circle office. Though no addnl. expendre. will devolve on Govt., it is not understood how the exchange of a typist on lower scale to a higher scale will ease the work in the S.E's office. Apparently the S.E's intention is that the higher scale would be an incentive to turn out more work by working late, which is not desirable and is bound to effect adversely on the health of the typist in the long run. If the request is made on a sentimental basis only viz., that the S.E's office should have a typist on a higher scale than that of the Ex. Engr's office, it appears that the only and the proper solution would be to bring the scale of typists in Ex. Engr's office equal to that in the S.E's office. In the absence of a clear case the request will have to be negatived.

4. ....

Inward No. 943
Date 8-4-50

No.G-43 Office of the S.E.,K.I.C.,
Dharwar, 17 April 1950.

Returned with compliments.

2. In view of the increased typing work in this office, it is proposed to transfer, as a temporary measure, one of the posts of a typist in the scale of Rs 92-8-140 sanctioned for the Ghatarrabha Left Bank Canal Division, to this office in exchange for the post of a typist on 70-3-85-E.B.-4-105-E.B.-4-125 and that too in the interest of Govt. work.

3. The posts of typists were specifically sanctioned for the Ghataprabha Left Bank Canal Division. Serial No.3 of Appendix XXVII of P.W.D. Manual Volume II does not clearly lay down as to whether S.E. is competent enough to transfer such specifically sanctioned posts from Divisional Office to Circle Office and vice versa, and as such it was thought necessary to approach Government for confirmation.

4. It is not the intention of this office to promote the existing typists in the scale of Rs 70-3-85-E.B-- etc. to the scale of Rs 92-8-140; but it is proposed to take a competitive test in typing of all such aspirants in the Karnatak Irrigation Circle and Southern Circle including

including ....

including outsiders and selection of two typists who would stand the test will be made for appointment in the scale of Rs 92-8-140. Higher scale is sure to attract candidates of higher merits and this will help to have better turn-out of work which is already heavy and is on an increase day by day. In view of all these facts, it would not be in the interest of work to bring at this stage the sanctioned scale of typist in Ex.Engr's office equal to that in S.E's office.

E.B.(II).

pp87-88: Submitted with rfce. to the Deptt. U.O.N. dt. the 6-4-50.

2. The explanation pp88-89 furnished by the S.E., Kanatak I.C., is not supported with any statistics and it is not understood how the turn-out of work by a typist on a slightly higher scale would ease the position. An average fresh typist generally recruited has a speed of 30 to 40 words a minute which is gradually developed. An experienced typist may have a speed of about 50 words a minute at the most. It is, therefore, evident from the above that the extent to which the position would ease would be insignificant. The S.E's request to transfer a post of a typist in the scale of Rs. 92-8-140 to his circle in lieu of the one in the scale of Rs. 70-3-85-E.B.-4-105-E.B.-4-125 may, therefore, be negatived.

Canal Division.
Change in the classification
of

GOVERNMENT OF BOMBAY.
Public Works Department.
Resolution No.9220/36.
Bombay Castle (Bombay No.1),
11th January 1952.

Read Government Resolution No.9220/36, dated 14th April 1948.

Letter from the Superintending Engineer, Karnatak Irrigation Circle, No.G.R.15, dated 17th June 1950.

"Agreeably to the orders contained in Government Resolution (Public Works Department) No.9220/36 dated the 14th April 1948, a new Division called the Ghataprabha Left Bank Canal Division has been created under this Circle, with effect from 8th July 1948, entirely for constructing the Ghataprabha Left Bank Canal, miles 0 to 44', the cost of which is debitable to the head '68 - Construction of Irrigation; Navigation, Embankment and Drainage Works - Post-War Reconstruction and Development Programme'.

2. The expenditure incurred on account of office and outdoor staff employed on temporary Establishment for execution of the above project as also for 'Tools and Plant' is at present being debited to the head '50 - Civil Works - Ordinary'.

3. Since the above Establishment in the Ghataprabha Left Bank Canal Division is exclusively and specifically employed on the canal construction work, the cost of which is debited to '68 Construction, etc.' it would appear more appropriate if the actual cost of all temporary Establishment employed in connection therewith is also debited to the head '68 - Construction, etc.' instead of to '50 - Civil Works'. In addition to this, half the cost of Establishment in this office as also such proportionate cost on account of Public Works Department Secretariat Establishment as may be fixed by Government, are proposed to be charged to the Head '68 - Construction' and also write back to this head the previous two year's expenditure, i.e., 1948-49 and 1949-50. This would give a correct debit of establishment charges to this major work for which Capital and Revenue Accounts are kept and would not inflate or deflate the cost due to extraneous causes which have no bearing on the work.

4. It is therefore requested that Government may, in your concurrence, be kindly moved to issue necessary orders in the matter as early as possible."

Read Government Letter No.9220/36-B, dated 14th July 1951.

Read letter from the Superintending Engineer, Karnatak Irrigation Circle, No.G.R.15, dated 7th September 1951.

RESOLUTION.- Government is pleased to direct that the classification of the Ghataprabha Left Bank Canal Division in the Karnatak Irrigation Circle should be changed from the head "50 - Civil Works - State" to the head "68 - Construction of Irrigation, etc.".

2. One-third of the cost of the Superintending Engineer, Karnatak Irrigation Circle, and his office should be debited to the Ghataprabha Left Bank Canal under the head "68". Similarly, Secretariat charges at 1 per cent. of the works outlay in the Ghataprabha Left Bank Canal Division should be debited to the head "68".

3. These orders should come into force with effect from the 1st April 1952.

By order of the Governor of Bombay,

K. G. BHATE,
Deputy Secretary to Government.
